

**Kevin Merriam, Executive Director - Maritime Lumber Bureau**

Kevin has over 25 years of experience of private sector leadership in the forest industry, including management of woodlands operations, sawmilling, regulatory governance and enforcement.

Kevin has worked at the Maritime Lumber Bureau serving the Atlantic forestry sector since 1998 and in 2015, was appointed the position of Executive Director for the association. In addition to his direct duties to the MLB association, Kevin is the Atlantic representative on various national forestry committees and associations. He is the current Chairman of the National Lumber Grades Authority (NLGA) Executive Committee, Chairman of the NLGA Standards Committee, Immediate past Chair of the Canadian Lumber Standards Accreditation Board Executive Committee, member delegate on the Canadian Wood Council and member delegate of the Canada Wood Group.

Kevin has a diploma in Forest Resource Technology and is a graduate of the Maritime College of Forest Technology in Fredericton, NB.
